“POSITIVE PSYCHOLOGICAL CAPITAL”

Keynote: Dr. Kyle Luthans, UNK Management
Department Chair & Professor

SPONSORSHIP OPPORTUNITIES

SECURE YOUR PLACE AT THE TABLE

With clear evidence of Nebraska's brain-drain, it is important now more than ever for organizations across the state to meaningfully connect with this generation of the workforce. Students will learn to bring Positive Psychological Capital wherever they go while business leaders will gain a close look at how fostering the HERO within can make their companies innovation hubs and attract young talent.
